

## Wellness Benefit At a glance

For employees of The University System of Georgia enrolled in Accident Insurance

### Protect your financial well-being

#### What is the Wellness Benefit?

The Wellness Benefit is a rider that is included with your Accident coverage. It provides an annual benefit payment if you complete a health screening test on or after your coverage effective date, whether or not there is any out-of-pocket cost to you. You only need to complete one health screening test. Note that you may only receive a benefit payment once per year, even if you complete multiple health screening tests. If your spouse and children are covered for Accident Insurance, then they are also covered for this benefit.

#### How can the Wellness Benefit help?

Regular health screenings increase the chance of a positive outcome when serious illnesses are detected early. The Wellness Benefit encourages you to get regular health screenings. The benefit payment you receive for your health screening test can be used to help pay for the cost of the test or however you like.
